AGENCY: Financial Management Service, Fiscal Service, Treasury.

ACTION: Interim final rule.

SUMMARY: The Department of the Treasury, Financial Management Service, is amending its regulation governing the centralized offset of federal payments to collect nontax debts owed to the United States. SUPPLEMENTARY INFORMATION:

I. Background

The Food, Conservation and Energy Act of 2008, Public Law 110–334, Section 14219, 22 Stat. 923 (2008) (“the Act”) amended the Debt Collection Act of 1982 (as amended by the Debt Collection Improvement Act of 1996) to remove a restriction on the collection of debt by administrative offset, i.e., offset of payments pursuant to 31 U.S.C. 3716. Prior to this change, administrative offset to collect debt was only available if the debt was delinquent for a period of less than ten years. The amendment to the law allows for the collection of debt by administrative offset without any time limitation and applies to any debt outstanding on or after the date of the enactment of the Act.

The changes to this rule conform to the statutory language by removing the ten-year time limitation on the collection of nontax debt by administrative offset, including centralized salary offset, by explicitly stating that no time limitation shall apply, and by explaining that by removing the time limitation, all debts, including debts that were ineligible for collection by offset prior to the removal of the time limitation, may now be collected by administrative offset and centralized salary offset. To avoid any undue hardship, we have added a requirement applicable to debts that were previously ineligible for collection by offset because they had been outstanding for more than ten years. For these debts, creditor agencies must certify to FMS that the notice of intent to offset was sent to the debtor after the debt became ten years delinquent. This is intended to alert the debtor that his debt may now be collected by offset and allows the debtor additional
